Subject: Chemours Meeting Notes 07262017

Roger,

I've attached my meeting notes from the Chemours Technical call yesterday. Please let me know if you have any questions.

Also, I asked Andrew about when Washington Works phased out PFOA and started using GenX. He told me this took place in May 2013. He also said that the consent order was in place about a year before the transition occurred.

Thanks,

Kevin Rowsey
